BOAB Standard Bar is designed as an inexpensive way to carry your Oztent in an Oztent Basket.

Leg Uprights are 5mm electro plated steel and the bars are lacquer finished for good durability.

A minimum of two 40 x 20mm bars are required for normal road use and three for off road use.

Or minimum two 40 x 40mm for off road use and three for overland expeditions or severe off road use.

If using these bars for other purposes please call for advice.

40 x 20mm can be upgraded to 40 x 40mm bars on selected uprights by swapping bars & bar clamps.

FOXWING Awning; A one piece awning that covers both the side and rear of vehicle - simultaneously !

Colours: Khaki Awning in a Fixed Black Travel Bag
 Weight: 15kg (excluding Roof Bars)
 Pack Size: 2.4m(L) x 6cm(W) x 20cm(H) Approx.
 Span Size: Approx 2m from the Vehicle, all directions.

Patented; The *FOXWING* Awning is a collaboration between Oztent and Rhino-Rack in Australia.
Brilliant; at last! an awning that will shade both the side and rear of your vehicle simultaneously.
Unique; due to its simple one person operation, the *FOXWING* can be set up or packed away in minutes.
Perfect; one piece easy to operate swing around design making it "the" solution to protect you from the elements.

The *FOXWING* is made from the same high quality material (rip-stop polycotton canvas) used for the *OZTENT*. Cloth is UV protected, waterproof and mould resistant, whilst the solid frame is anodised aluminium with corrosion resistant hardware so it won't rust!

FOXWING Awnings are "the" quick and easy solution to protect you from the elements. You can even attach your *OZTENT* to it using an Awning Connector. Great for camping trips, picnics or watching the kids play sports.

Supplied with fitting kit The *FOXWING* easily attaches to any Rhino-Rack Roof Bar system.

Complete with all fittings, including telescopic poles, guy ropes and pegs with their own travel bag for neat and tidy storage when not in use. Perfect for the avid camper, traveller or tradesman.
